

Firefox is the recommended browser for viewing your D2L course. Internet Explorer will not display D2L content with the proper content and formatting by default. *If you must use Internet Explorer, please follow these instructions to ensure you see your course displayed properly.*

## Internet Explorer 8

1. Browse as you normally would to your D2L course.
2. When you encounter a security warning matching the one displayed below, click **No**.

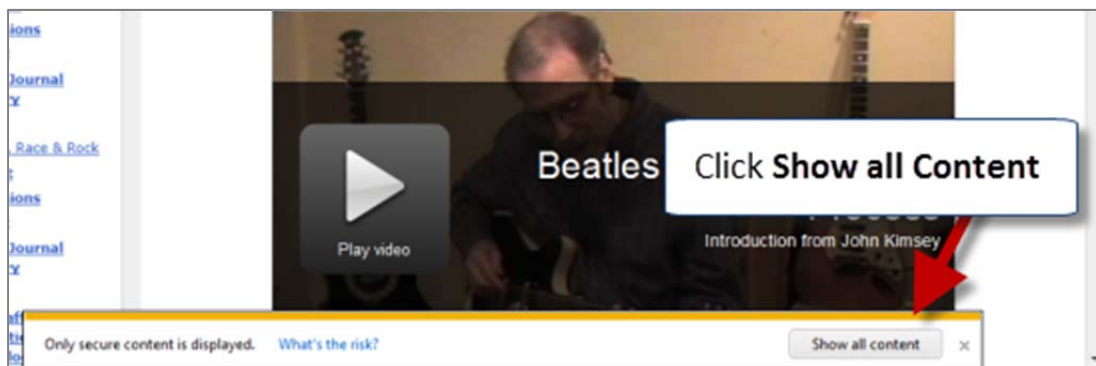

*Please note that you should only choose **No** on depaul.edu domains.*

3. The course page will load and display properly.

## Internet Explorer 9

1. Browse as you normally would to your D2L course.
2. When you encounter a prompt like the one displayed below, click **Show all Content**.

3. The course page will load and display properly.
